# Valeria Moulin

## Web - Developer

Full-stack web developer with a bartending background and gastronomy's customer service experience of 15 years. Worked in events of 3000 attendants, guided and shared work experience with new coming trainees each year. Adept at learning new languages and fluent speaker of 4 languages. Proficient in HTML, CSS, Javascript, React and Node.js. Certified in building a Web presence from scratch - concept, navigation and layout to backend/server-side programming based on the user feedback. Grasping analytical skills and strong attention to detail delivering efficient web solutions while meeting the deadlines.

## WEB DEVELOPMENT PROJECTS

### ○ Front-End Developer | CareerFoundry Pokedex (03/22-04/22)

- Created a JavaScript app built along with HTML, CSS, and jQuery, which uses an external API.
- Implemented features according to guidelines set out by mock-ups and design assets.
- Utilized object-oriented programming (OOP) and functional programming (FP) principles to carry out application features. [🔗](#)

### ○ Full stack Developer | CareerFoundry Chittchat App (06/22-07/22)

- Developed a chat app for mobile devices using React Native that requires the use of Expo.io.
- Used Google Firestore Database to store chat conversations and Google Firebase authentication to authenticate users anonymously. [🔗](#)

### ○ Full stack Developer | CareerFoundry Meet App (05/22-06/22)

- Developed a progressive-web application with React using a test- driven development (TDD) technique with Enzyme and Jest.
- Translated user stories into scenarios for unit testing, acceptance testing, and end-to-end testing.
- Implemented serverless functions with AWS lambda for the authorization server. [🔗](#)

## WORK EXPERIENCE

### ○ Bartender

Cassiopeia Night club
